

- Login page to be embedded on the current SISFU website (<http://sisfu.edu.ph>)
- Different user access levels – administrator, faculty, non-teaching staff, student, parent
- All users must be able to access a profile page and calendar of activities.
- The hierarchical model of the website shows the menus/ functions accessible to various user account types:

- There will also be a user activity log
- A means to provide feedback about the system to be accessed by the administrator.
